

USE CASE PERIMETER BREACH

Safe Schools

Operational View

DETECT

LICENSE PLATE RECOGNIZED

Disgruntled ex-employee license plate detected entering school grounds and school security is notified.

ANALYZE

APPEARANCE DETECTED

Through a watch list of known individuals, the intruder is automatically detected approaching the school. Security automatically receives a notification every time the intruder comes into view of a camera to monitor their movements.

COMMUNICATE

NOTIFICATION COMMUNICATED

Alert dispatched to staff across radios and smartphones to lock-down school and security officers are dispatched to intercept the individual with images and real time location updates.

RESPOND
