

# **ESSENTIAL SERVICES FOR MOTOTRBO™ SYSTEMS**

## SUPPORT WHEN YOU NEED IT

When the unpredictable happens to your network, Essential Services provide you with access to technical support teams and resources for troubleshooting and maintenance. Two levels of support provide flexibility to match your requirements.

### **ESSENTIAL**

#### **SUPPORT FOR YOUR TECHNICIANS WHEN NEEDED**

Get the help you need with one call. Our system technologists are available 8 x 5, Monday - Friday, and 24x7x365 for severity 1 cases, to help troubleshoot and resolve network issues. Also included is two days of Motorola Solutions System Technologist support—available for the duration of your contract—to use for post implementation needs.

#### **ENHANCE OPERATIONS WITH UPDATED SOFTWARE**

Regular software updates protect your network and enhance operations to extend the lifespan of your MOTOTRBO system. Invest in planned updates to minimize unforeseen costs and service disruptions.

Software updates apply to all Motorola Solutions components within your network. All software releases are pre-tested and certified to ensure full functionality and compatibility with your network to mitigate any impact to performance. Once the software is validated, you can download and install when you are ready.

### **ESSENTIAL PLUS**

#### **MINIMIZE SERVICE DISRUPTION**

In addition to Essential Services, Essential Plus provides a higher level of support to help minimize unexpected downtime.

Our network hardware repair covers all Motorola Solutions manufactured infrastructure equipment. Factory trained and certified technicians troubleshoot, analyze, test and repair your equipment at our centralized facility. You will experience expert, high-quality and reliable support for rapid turnaround. Timely and accurate diagnosis and repair assures that all equipment you send to us is returned to factory specifications.

**MYVIEW PORTAL**

**VISIBILITY TO CRITICAL SYSTEM AND SERVICES INFORMATION**

Essential Services include access to MyView Portal for network and service delivery information to help make smarter, faster and more proactive decisions to keep your network running smoothly and effectively.
